"Parson Salutes Bride And Shakes Ten Out Of Groom"

### Was Pinched For A Pullet

The following, from the Mohave Mineral Wealth ,is a real journalistie gem. It was written by Kean St. Charles, who represented Mohave in the Council at the last session of the legislature. "Sunday morning, at the city

bungalow of Mr. and Mrs. Kean St. Charles, Parson W. G. Blakely was called upon to tie a knot for keeps, uniting Harold Dossitt and Miss Gertrude Sherman in the Holy Uncertainties of Matrimony. The parson, Mr. Young said last night that he to pass in review, which was done, chine guns to a position near the from long practice, made no bobble has had the acquirement of this first in quick time and then double crest of the hill in front of the of-CALLING FOR BOUNTIES property in mind for more than a time. The troops were in heavy ficers' quarters. Desultory firing was stick like Spaulding's glue, it is not kept until Captain John K. Miller, his fault. The audience was not tion by H. M. Lewis, who lived in The battalion was then formed in the commander of the attacking much for gate receipts, but for average grade it was hgib, but pockety. former working of the mine, who each company after being inspected which resulted in the defense being Joe Rosenberg seconded the groom, knows personally of its value. Since "stacked arms" and pitched shelter routed from their position and taking while Mrs. St. Charles stimulated the determined when the property that has been closed for over three then Mr. Young has been quietly in- tents. The commanding officer, Cap- shelter behind the officers' quarters. bride with chapters from her long experience and an occasional whiff from a small bottle, marked nosepaint. It was not the kind we use There was a string of Saints in the wall flower row, beginning with Gladys and Ike on the ends, with Bill, Jim and Gugin in the chorus. The bride and groom were surely surrounded by enough patron saints to keep away the bogie man and to clear the track for the honeymoon special; ding-dong, leaves at 10. After the Parson had saluted the bride and shook a ten out of the groom, they all poined in the Wedding Dinner March. The Johnny cake was done to a turn and the 'free hollies' were baked to a sulphide brown. For a pullet the Parson had to be pinched. It had yellow feet and an extra preachers have to go away back and sit down when a new bride to town. 'They all do it, they all do it, and sometimes they rue it."

"The bride is the handsome and accomplished daughter of Mr. and Mrs. C. E. Sherman of Mineral Park. Gertrude was born eighteen years ago, in sight of the rugged hills where dwell treasures of the turquoise gem greater than anywhere else in the explored world. Surrounded by mountains of Mineral, the Park is as ideal place to first see the light and feel the warmth of the orb of day, so its wing face beams o'er the eastern hills. As a work of nature, quietness, peace and plenty, Mineral Park has Arcadia skinned a mile. No wonder the bride was reluctant to heed the Call of the Wild, that required that she leave this, 'the place where I was born,' and go forth and take chances in an unknown world. But it was thus with Hiawatha, a new deal of an old game, since the Lord led Adam and Eve to the gate, and pointing the way down the pike, told them to hustle.

"The groom appeals to a person first, as a sober man. Without that, with the talent of an angel, a man may be a fool.' If he continues to keep the growler untasted, there is no mountain on Trouble avenue that a position as engineer at Bisbee, where thousands of tons of rock the twinkling of an eye, especially an illustrious name like Sherman, but what is the matter with Dossett!
